Book Review: Mr. Corbett is in Orbit

By Robby P.

Section 38

This book is hilarious! It's a story about a class that goes on a fun field trip to NASA. The kids go outside to see the inside of a rocket ship, or as they call it at NASA, SLS (Space Launch System). One of the students named AJ presses a button and guess what? The rocket starts going to space with the kids in it!

I highly recommend this book to anyone who likes to read a graphic novel. The only thing I'd change about the book is to make it longer. Mr. Corbett is in Orbit is a funny book to read often.

I give this book 5 out of 5 Stars

P.S. You can check this book out in our library at school. The author is Dan Gutman, and the Illustrator is Jim Paillot.
